Hi Lynn – I'm OK with this – my only question is whether we are still targeting 7/2014 for the NPRM or if it is a longer term action.

Cheers,
Sarah

Erik/Sarah,

Please review the attached and let me know if you have any comments/edits/approval. The publication date is 7/2014, we are not making changes to that at this time.

Thanks,

Lynn M. Beasley

Subject: Reg Agenda Entry--CERCLA/EPCRA Ag Due 8/9

Good afternoon.

It's that time of year when we need to update our Regulatory Agenda entries and produce any Regulatory Plan entries. See your attached Regulatory Agenda entry for updating.

The attached entry was placed in the "pending" category for the last Regulatory Agenda effort; meaning that it was not published in the Regulatory Agenda, likely given that the FR publication date was beyond 12 months from the publication of the Spring Regulatory Agenda. If this entry should now appear in the Fall Regulatory Agenda (meaning the rule is likely to be published by October 2014), please let me know. Even if you feel this entry should remain in the "pending" category, please review the attached entry and obtain the approvals as requested below, as a decision to add this action to the Agenda may be made later, without time to coordinate OP and OGC approvals.

Please note that some of the "questions" in the attached entry do not have the full question or full range of possible answers showing on the attached entry. The attached instructions contain the full questions and full range of possible answers. Therefore, **please refer to these instructions when reviewing the attached entry.**

You need to obtain both OGC and OP level approval on each Regulatory Agenda entry, and modify the entry accordingly, as appropriate, prior to submitting to me. (These approvals should come from your workgroup representative from these offices.) I **need to have the OGC and OP responses** in a document mark-up or email text, as well as the date of their approval sent to me with your submission of your entry. **I do need a record of what OGC's and OP's responses are.**

Further you need to **obtain your OD approval on the entry and, especially, the schedule.** While the Reg Agenda entry only requests for the FR publication date, if you change the publication date, then the schedule for the rule's development also changes. As such, please provide me the updated schedule for the rule.

Your entry is due back to me (with OGC, OP and your OD approvals), along with any schedule changes (with your OD approval), by no later than **August 9.**

If you have any questions, please contact me.

Thanks.

Gerain Cogliano
